“Stone” is a gathering of porcelain tile collections that are inspired by different natural stones. Amazing surfaces for floors and walls that recall the shades of the natural material enhance architecture and design with character and intense elegance. The excellent technical characteristics of Landmark porcelain tile guarantees optimal performance in every intended use both residential and commercial.

A new landmark in the ceramic industry
Landmark Ceramics is an American company, based in Tennessee that has set out to research, manufacture and sell top quality porcelain ceramics in North America, taking advantage of the proven experience of the Gruppo Concorde, an international leader in the sector. Technological innovation, market presence, attention to detail, the welfare of people and the environment, efficient service and a thorough product range make Landmark a new benchmark in the North American market for those who are looking for a reliable partner for any building and architecture project using US made top quality porcelain tiles.

“Freedom is the porcelain ceramic collection for floors and walls that reflects genuine slate in a contemporary way created for spaces that express an immense tie with nature and with traditional American architecture. Color versatility and magnetic charm make any surface a work of art, unique and unrepeatable. Sizes, colors and décors enrich the creativity of interior designer to create amazing venues.”

Freedom is the porcelain ceramic collection for floors and walls that reflects genuine slate in a contemporary way created for spaces that express an immense tie with nature and with traditional American architecture. Color versatility and magnetic charm make any surface a work of art, unique and unrepeatable. Sizes, colors and décors enrich the creativity of interior designer to create amazing venues.
An exclusive shade inspired by Brazilian slate is characterized by a mix of hues that go from blue to green and oxidized metal tints. The slightly waved texture decorates residential and commercial spaces with versatility and stands out in combination with Landmark porcelain ceramics inspired by other natural materials.

The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in the catalog are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.

This porcelain tile product is manufactured with a V3 shade variation. Remember that the amount of color as well as the texture of each piece may vary from tile to tile. Inspect the product immediately upon delivery and select tiles from many boxes during installation to minimize and blend any possible color difference.

RECOMMENDED USE
Freedom is recommended for indoor walls and floors and outdoor walls in residential and commercial applications. We recommend Freedom for interior and outdoor walls and floors (20 mm only) as well as for exterior flooring. Landmark recommends an offset no greater than 30%, if a staggered pattern is required for tiles of 20 inches or longer. Visit lcusa.com for detailed instructions of installation.

CARE AND MAINTENANCE
Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep Freedom tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit lcusa.com. For further information regarding the care and maintenance of Landmark products.

WARRANTY
Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1-2012 and in the performance specifications section of the Landmark general catalog. For more information, please visit our website at lcusa.com.
