LANDMARK CERAMICS
A refined reprocessing of materials combines the strength of ceramic with the memory of fabric, endowing residential and commercial rooms with warmth, strength, softness and countless design possibilities.

The Soul collection offers visual and tactile suggestions of elegant furnishing fabrics. Rooms have an elegant charm and a contemporary look and can be lived in freely because of the excellent technical performance of porcelain stoneware.

**Design Work** is a framework of ceramic surfaces for contemporary architectural projects. The floor and wall collections play with evocative materials drawing out sophisticated ceramic combinations with new design materials. Design Work is synonymous with design freedom: the colors are chosen to maximise the possible combinations between collections and within them. This creative freedom is dynamic and durable, thanks to the technical characteristics of porcelain stoneware, for use in a variety of elegant, modern residential and commercial environments.
