“Wood” is a gathering of porcelain tile collections that reflect various natural wood essences. Floor and wall surfaces accurately reproduce the touch and look of the natural material matching different interior decoration styles. The authentic texture and feel of natural wood combines with the excellent technical characteristics of landmark porcelain tile that guarantees optimal performance in every intended use both residential and commercial.

This collection of porcelain stoneware tiles offers the simple and elegant look of natural newly cut wood, with no wear or machining marks. It is a sincere material for clean, orderly surfaces, with a genuine graphic pattern giving a feeling of authenticity and sophistication.
The True collection is sincere and natural for use in rooms to create a welcoming and delicate atmosphere that is perfect for a contemporary style that sees relaxation as a lifestyle. The surfaces provide warmth and a fresh tactile feeling of natural material.
Material surfaces full of details produce an extremely natural and enjoyable end result that never goes out of style.
The wood-effect surfaces full of details give rooms an elegant and up-to-date feel.

The color of tiles printed in this catalogue may differ from actual tiles. Tile color reproductions in this catalogue are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.

This porcelain tile product is manufactured with a V2 shade variation. Remember that the amount of color as well as the texture of each piece may vary from tile to tile. Inspect the product immediately upon delivery and select tiles from many boxes during installation to minimize and blend any possible color difference.

RECOMMENDED USE

True is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential application. The use of True is not recommended for outdoor application or horizontal exterior surfaces. Landmark recommends an offset no greater than 30%, if a staggered pattern is required for tiles of 20” inches or longer.

CARE AND MAINTENANCE

Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep True tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit lcusa.com for further information regarding the care and maintenance of Landmark products.

WARRANTY

Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1-2012 and in the performance specifications section of the Landmark general catalogue. For more information, please visit our website at lcusa.com.
