*Average values referred to our production and related to the matt finish of the product.

**For values relating to the matt finish of the product and to tests carried out by certified external laboratories whose results are available upon request at Headoffice, we are willing to check the lot you are interested in purchasing.

- Be sure to use tiles belonging to the same caliber.
- Test results are available on request.
- Landmark tiles can be slippery when wet. We recommend to make sure that the surface is always dry.
- The information provided can be subject to change. Please refer to lcusa.com for the latest, most accurate and up-to-date information.

RECOMMENDED USE
Natural Design is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential applications. The use of Natural Design is not recommended for outdoor application on exposed external surfaces. Natural Design is an offer to produce. All products are manufactured to ANSI A137.1-2012. Natural Design is recommended for indoor or commercial application on horizontal exterior surfaces. Natural Design is recommended for use in the US. Natural Design is recommended for use in Canada. Natural Design is recommended for use in Mexico. Natural Design is recommended for use in Brazil. Natural Design is recommended for use in Argentina. Natural Design is recommended for use in Australia. Natural Design is recommended for use in South Africa. Natural Design is recommended for use in New Zealand. Natural Design is recommended for use in China. Natural Design is recommended for use in Japan. Natural Design is recommended for use in Korea. Natural Design is recommended for use in India. Natural Design is recommended for use in Russia. Natural Design is recommended for use in the European Union. Natural Design is recommended for use in the Middle East.

CARE AND MAINTENANCE
Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep Natural Design tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit lcusa.com for further information regarding the care and maintenance of Landmark products.

WARRANTY
Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1-2012 and in the performance specifications section of the Landmark general catalog. For more information, please visit our website at lcusa.com.

COLOR SHADING
This porcelain tile product is manufactured with a V3 shade variation. This slight variation is inherent in the manufacturing process and will result in an edge-to-edge difference in color and texture between tiles when they are laid side by side. Inspect the product immediately upon delivery and select tiles from many boxes during installation to minimize and blend any possible color differences. The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.
