**Possible color difference.**

Select tiles from many boxes during installation to minimize and blend any variations. Inspect the product immediately upon delivery and remember that the amount of color as well as the texture of each piece may vary from tile to tile. Always contact your local representative, who will provide you with a sample piece of the requested tile.

Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative to help you select a color that best complements your interior design. The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only.

The color of this product is manufactured with a V2 shade variation. This variation in color is not intended to be a visual defect, rather, it is the manner in which this porcelain tile is manufactured. This color variation is inherent in natural stone products and is typical of high-quality porcelain products. The color of this product is also consistent with the national ANSI standards. This porcelain tile product is manufactured with a V2 shade variation. The use of Charme is not recommended for outdoor application or horizontal exterior surfaces. charmelife.com
