Magnifica is a selection of sought-after Travertini crosscut tiles in top-quality porcelain ceramics able to create a direct connection to contemporary architecture. The naturalness of each slab is highlighted by the slight three-dimensional structure and the graphic details that, when used for decorating, leave a trace of indelible style in the space.

**PHYSICAL PROPERTIES**

| TEST ASTM | PROPERTY | RESULT | COMPLIES WITH ANSI A137.1
|-----------|----------|--------|-----------------------------|
| C025      | Water absorption | ≤ 0.5% | COMPLY WITH ANSI A137.1
| C1026     | Resistance to freeze/thaw cycling | As reported | RESISTANT
| C485      | Warpage (edge) | ± 0.4% or ± 0.05 in | COMPLY WITH ANSI A137.1
| C485      | Warpage (diagonal) | ± 0.4% or ± 0.07 in | COMPLY WITH ANSI A137.1
| C502      | Wedging | ± 0.25% or ± 0.03 in | COMPLY WITH ANSI A137.1
| C650      | Chemical resistance | As reported | UNAFFECTED
| C648      | Breaking strength | 250 lbf or greater | COMPLY WITH ANSI A137.1
| C499      | Thickness | Range: 0.04 in | COMPLY WITH ANSI A137.1

* Average values referred to our production and related to the matt finish of the product.

**DCOF Average dynamic coefficient of friction**

| TEST | PROPERTY | RESULT | COMPLIES WITH ANSI A137.1
|------|----------|--------|-----------------------------|
| BOT 3000 | Average dynamic coefficient of friction | ≥ 0.42 | COMPLY WITH ANSI A137.1

- Be sure to use tiles belonging to the same caliber.
- Test results are available on request.
- Landmark tiles can be slippery when wet. We recommend to make sure that the surface is always dry.
- The information provided can be subject to change. Please refer to lcusa.com for the latest, most accurate and up-to-date information.

INFORMATION

RECOMMENDED USE

Magnifica is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential applications. The use of Magnifica is not recommended for outdoor application or horizontal exterior surfaces. Landmark recommends an offset no greater than 30% for tiles of 20” inches or longer. We do recommend not using the honed finish for wet areas where deposits of water are likely to occur. Visit lcusa.com for detailed instructions of installation.

CARE AND MAINTENANCE

Do not apply any wax or sealer to the product after installation. Before grouting ensure that you apply a grout release when using honed finish. Regular cleaning is the best way to keep Magnifica tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit lcusa.com for further information regarding the care and maintenance of Landmark products.

WARRANTY

Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1- 2012 and in the performance specifications section of the Landmark general catalog. For more information, please visit our website at lcusa.com.
