## MILESTONE

**COLORED BODY PORCELAIN TILE**  - Rectified Monocaliber

**FLOOR DESIGN**
- **PROJECT**
  - Milestone West Black - 12"x24"

**WALL DESIGN**
- **PROJECT**
  - Milestone West Black - 12"x24"
  - Charme Veined Statuario - 12"x24"

---

**Dynamic and creative stone-look porcelain ceramics dictate the style of residential contemporary architectures.** The collection features floors and walls with a bold and minimal appeal: veining, color shades and grain effects of different natural stones create a new contemporary interpretation of the material.

Color Shading

This porcelain tile product is manufactured with a V2 shade variation. Remember that the amount of color as well as the texture of each piece may vary from tile to tile. Inspect the product immediately upon delivery and select tiles from many boxes during installation to minimize and blend any possible color difference.

The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.

RECOMMENDED USE
Milestone is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential application. The use of Milestone is not recommended for outdoor application or horizontal exterior surfaces. Landmark recommends an offset no greater than 30%, if a staggered pattern is required for tiles of 20" inches or longer.

CARE AND MAINTENANCE
Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep Milestone looking good. We recommend the use of a neutral pH detergent mixed in water (not household bleach or other strong chemical cleaners) to clean the tiles. For better information regarding the use and maintenance of Landmark products, contact your local representative.

WARRANTY
Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1-2012 and in the performance specifications section of the Landmark general catalog. For more information, please visit our website at lcusa.com.
