 **LANDMARK**
CERAMICS

Design Work is Landmark's color-focused surface system: a special project that places color at the center, with a coordinated palette that connects Elite, Elite Color, Vision, Vision Color, and Soul collections. Shades range from balanced neutrals to bold accents, helping designers shape interiors with a clear visual logic within contemporary residential and commercial settings.

A new landmark in the ceramic industry

Landmark ceramics is an American company, based in Tennessee that has set out to research, manufacture and sell top quality porcelain ceramics in North America. Technological innovation, market presence, attention to detail, the welfare of people and the environment, efficient service and a thorough product range make Landmark a new benchmark in the North American market for those who are looking for a reliable partner for any building and architecture project using US made top quality porcelain tiles.

VisionCOLOR^{DW}

Vision^{DW}

02

| THE COLLECTIONS |

Balanced sophistication.

Inspired by the contemporary character of resin, Vision collection offer elegant porcelain surfaces for sophisticated residential and commercial spaces. Soft textures and a refined palette of greys, beiges, and greige tones create enveloping environments where comfort, color, and design come together with natural balance.

Vision^{DW}

Vision^{COLOR}

Colorful elegance.

Vision Color expands the resin-effect language with a palette of eight saturated, elegant tones inspired by hand-brushed resin, reproduced in all its depth. Designed to complement the neutral shades of the Vision collection, it introduces color, nuance, and contrast, enabling original combinations to create distinctive and vibrant interior spaces.

03

| DESIGN WORK |

Color as architectural material.

Vision and Vision Color integrate into Landmark's Design Work, the special project built around a coherent chromatic vision, offering the flexibility to combine surfaces, textures, and formats across multiple collections. Together with Soul, Elite, Elite Color, and Elite Shapes, these collections supports an approach where color guides the creation of cohesive and personalized spaces.

Elite^{DW} Elite^{COLOR}^{DW} Elite^{SHAPES}^{DW}

04

| THE MATCHING |

Be inspired, combine, design.

Vision and Vision Color open up new possibilities for combining shades within Landmark's Design Work cohesive color system. Neutral and more vibrant tones come together to create balanced compositions or bolder contrasts with stronger identities. Each tone is designed to interact naturally with the others, turning color into a deliberate tool for design.

SUSTAINABILITY

RECYCLABLE

Tiles can be recycled inside the production process when not fired yet, or once they have finished their life-cycle can be used as compact base material on the contrary many plastic base material such as vinyl cannot.

SUSTAINABILITY

ECO-FRIENDLY AND SAFE

SUSTAINABILITY

ENERGY EFFICIENT

Tile's inherent thermal mass reduces peak heating and cooling, which helps moderate temperature swings in your home.

HEALTH

NATURAL INGREDIENTS

Tile is made of clays and other naturally-occurring minerals and does not contain chemicals with potential adverse health effects (pvc, voc, formaldehyde, plastic etc...)

SAFETY/DURABILITY

SCRATCH AND DENT RESISTANT

Tile is strong, hard and resistant to most type of scratches. Tile also, being an extremely dense material, doesn't fear any denting damage, like many others flooring materials do.

SAFETY/DURABILITY

FADE AND UV RESISTANT

SUSTAINABILITY

FLOOR HEAT FRIENDLY

SUSTAINABILITY

VERY LONG SERVICE LIFE

Tile when properly installed and maintained can last for decades.

SUSTAINABILITY

COST SAVING OVER TIME

Thanks to its long service life and easy maintenance, porcelain tile is very cost effective over time when compared to flooring products that need to be replaced more frequently.

SAFETY/DURABILITY

RESISTANT TO ACID

SAFETY/DURABILITY

WATER PROOF

Tile is very compact and impervious therefore doesn't absorb. With tile you'll never have to worry about water.

SAFETY/DURABILITY

FIRE PROOF

Tile doesn't burn, melt or give off toxic fumes when exposed to fire.

HEALTH

PREVENT BACTERIA GROWTH

Tile is completely inhospitable to bacteria. That means no mold or mildew, and a healthier home for you.

HEALTH

ZERO ALLERGENES

Tile is both hard and impervious therefore inhospitable to dust mites, bacteria, fungi, mold and other irritants.

HEALTH

ZERO SMOKE DEVELOPMENT

Tile never gives off toxic fumes, even when exposed to fire.

SAFETY/DURABILITY

DOESN'T BEND

Tile is hard and compact.

SAFETY/DURABILITY

PET FRIENDLY

Tile is both dog and cat scratch proof.

SAFETY/DURABILITY

RESISTANT TO FROST

Tile is snow and ice proof.

HEALTH

ZERO FORMALDEHYDE

Formaldehyde is known to lead to an increased incidence of asthma. Tile has zero formaldehyde.

HEALTH

ZERO PVC ZERO VOC

Tile is completely PVC and VOC (volatile organic compound) free that means a healthier home for you.

HEALTH

PLASTIC FREE

Tiles are free from any PBM (Plastic Base Material) materials used in vinyl and LVT.

EASY CARE

STAIN RESISTANCE

EASY CARE

EASY TO KEEP CLEAN

VERSATILITY

FLOOR AND WALL

Tile is ideal for both floor and wall application indoor and outdoor.

The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.

This porcelain tile product is manufactured with a V2 shade variation. Remember that the amount of color as well as the texture of each piece may vary from tile to tile. Inspect the product immediately upon delivery and select tiles from many boxes during installation to minimize and blend any possible color difference.

 ** As far as values relating to the matt finish of the product and to tests carried out by certified external laboratories whose results are available upon request at Headoffice, we are willing to check the lot you are interested in purchasing.
 - Be sure to use tiles belonging to the same caliber.
 - Test results are available on request.
 - The information provided can be subject to change. Please refer to lcusa.com for the latest, most accurate and up-to-date information.

SAFESTEP+

SafeStep+ enhances slip resistance within the Design Work palette* through a soft matte finish. The DCOF ≥0.65 increases traction in any space with frequent use. Surfaces maintain a low sheen, feel comfortable underfoot, and are easy to clean. This solution delivers greater confidence while preserving the project's intended aesthetic.

LANDMARK SURFACES

MATT

A refined matte surface with a contemporary appearance that enhances the natural character of porcelain.

SAFESTEP+

A high-performance lowsheen, matte finish with enhanced anti-slip protection. The DCOF ≥ 0.65 delivers enhanced safety without compromising aesthetics and while maintaining a surface that is pleasant to the touch and easy to clean

GRIP

The ultimate anti-slip solution able to combine a DCOF ≥ 0.70 and DIN R11 C classification with a low sheen, easy to clean and pleasant to the touch surface. Ideal for outdoor areas and indoor wet spaces such as pools, patios, and SPAs.
